1.0 PURPOSE:

The committee will promote a safe and healthy workplace for all LSUHSC personnel and ensure compliance with Office of Risk Management guidance.

2.0 SCOPE:

The committee will address issues related to general safety, to include accident/incident trends, fire safety, driving safety, and laboratory/building safety. Furthermore, the committee will serve as a forum to gather information from and distribute critical safety information to the LSUHSC community.

3.0 RESPONSIBILITIES:

3.1 General Safety Committee shall:
- Report to the Executive Committee for Environmental Health and Safety.
- Review incidents involving work-related fatalities, serious injuries, and significant near misses.
- Assess accident/incident trends and direct the development of Job Safety Analyses (JSAs) if required.
- Serve as a forum to gather and address safety concerns.
- Implement new procedures and/or training requirements to improve LSUHSC’s safety posture.
- Serve as a forum to keep the LSUHSC community informed of new or proposed changes to safety regulations.

3.2 Executive Director, Environmental Health & Safety (EH&S) shall:
- Develop meeting agendas.
- Record and disseminate meeting minutes. Ensure they are posted on the EH&S web site.
- Provide current accident/incident trend analysis to the committee and assist with the development of JSAs that result from that trend analysis.
- Provide technical support as required.
