DATE

UNESCORTED ACCESS TO THE IRRADIATOR

Please print legibly

- Access to the Irradiator will be limited to individuals determined by the LSUHSC-NO TRO (Trust and Reliability officer) to be "Reliable and Trustworthy" in accordance with the (Nov 2005) increased security Nuclear Regulatory Commission regulations for large radioactive sources. In order to use the irradiator without an escort, you must complete the following appropriate section. Staff should fill-out the Employment section (1.). Students and recent graduates should fill-out section 2.
- Individuals that are not qualified for unescorted access may use the irradiator **only when escorted and under direct supervision** by an individual approved by the TRO for unescorted access to the irradiator.
- You may be required to participate in a random drug test program.
- You will be required to have Fingerprints taken, sent to FBI and results reviewed by the Safety Office to have "unescorted access" (According to new NRC regulation EA-07-305)
