New Postdoctoral Fellows Welcome Committee

Committee Chair: Virginia Ronchi, Contact: vronch@lsuhsc.edu

Christian Bender, Contact: cbend1@lsuhsc.edu

Mission Statement

The goal of the Welcome New Postdoctoral Fellows Committee is to help new postdocs settle comfortably in their new environment (both in their respective labs and in New Orleans). The committee is focused on making the LSUHSC postdoctoral experience a pleasant one by facilitating awareness of the LSUHSC-NO community resources. The Welcome Committee also strives to identify and work on issues that are important for new members.

City of New Orleans

Welcome to New Orleans!

Here, in this little corner of the American South, where European traditions blend with Caribbean influences, the history is as colorful as the local architecture; the food is the stuff of legend. Haitian and African creoles developed an exotic, spicy cuisine and were instrumental in creating jazz and zydeco. Our street names are French and Spanish, our Creole architecture comes in a carnival of tropical colors and our voodoo is Caribbean import. The magic is irresistible! We celebrate almost anything in the Big Easy. *Laissez les bons temps rouler*- let the

good times roll- is more than a reminder of our French heritage; it's a way of life that began three centuries ago.

The cultural riches, sensual indulgences and unparalleled service that define the New Orleans experience continue to flourish as they have for centuries. The most celebrated and historic core of the city- including the Faubourg Marigny, French Quarter, Central Business District, Warehouse and Arts District, Magazine street, Audubon Park and Zoo, Garden District and St. Charles Avenue is thriving.

New Orleans is a community of growth, love, hope, beauty and neighbors helping neighbors. Below are a few useful links to help you get started.

II. New Orleans Housing Info:

The best way to obtain information about a neighborhood (where you might potentially live) is to ask people around, colleagues and friends. You could also correspond with members of this committee who will try to help you as best they can (but there is no guarantee, as not all of us are experts about New Orleans neighborhoods!). Also it is a good idea to visit the place in broad daylight and also at night before you make a decision to live there.
