Both Residence Halls (Residence Hall and Sister Stanislaus Memorial Hall) are designed for the individual student to enjoy a safe and convenient home while living on campus.

RHP 2 - Eligibility

In addition, Post Doc's and affiliates (e.g. visiting faculty, visiting researchers and visiting students) with a letter from their department confirming their appointment will be allowed on campus housing at **Stanislaus Hall** provided that capacity exists after fulfilling fulltime student demand and that affiliates are here for training or educational purposes.

The minimum stay for post-doctoral candidates, visiting faculty, visiting researchers and visiting students is one (1) month. The rental charge for stays less than four (4) months is \$600 per month. The rental charge for stays four (4) months or longer is \$533 per month. A \$300 (refundable) security/damage deposit is required is also required.

It is imperative that everyone living in on campus housing have an LSUHSC Identification card prior to or within days of moving into Student Housing. Access to the residence halls and the rooms within are restricted without an ID. A lease term of less than four (**4**) months must be approved by the Director of Student Housing. **Under NO circumstances will a lease term of less than one** (**1**) **month be allowed**. Once the initial lease is fulfilled, the lease will automatically renew on a month to month basis unless occupant chooses to sign another term lease.

Occupant will not be allowed to terminate his/her lease during an academic session except under extenuating circumstances or withdrawal from the university and only with approval from the Director of Student Housing. An immediate and written notice to the Director of

Student Housing during the academic session is required for lease termination. Early lease termination from LSUHSC-NO and failure to give written notice to the Director of Student Housing (or both) will result in forfeiture of occupant's security/damage deposit with the exception of withdrawal from the university.

Occupant must be enrolled full-time as defined by the LSU Health Sciences Center <u>Catalog/Bulletin</u> and continued occupancy will be contingent upon full-time student status at all times until graduation requirements are fulfilled. <u>Since all students know the date of graduation or withdrawal from LSU Health Sciences Center, written notice must be given before vacating Student Housing 30 calendar days prior to that date (withdrawal or <u>graduation</u>). Delays can only be made by special permission from the Director of Student Housing and all requests for vacating delays must be in writing.</u>

Apartment-mates Who Withdraw or Graduate:

In the case of a person living in a two or three bedroom apartment whose apartment-mate(s) withdraws or graduates from the university; it is the residing occupant's responsibility to acquire a qualified apartment-mate(s) within **thirty** (**30**) **calendar days** from the date of occurrence of graduation or withdrawal of apartment-mate(s).

If a qualified apartment-mate(s) is not found within **thirty** (**30**) **calendar days** from the date of occurrence of graduation or withdrawal of apartment-mate(s); one of the following options must be exercised.

The monthly rent includes hot and cold water, electricity, the LSUHSC internet network and building maintenance. Temporary failure by LSUHSC-NO to furnish such services due to a mechanical or electrical failure of equipment <u>does not</u> give occupant claim for damages or for a reduction of rent.

Rent becomes delinquent 10 days after the rent due date each month. A late fee of **\$50.00** will be assessed 10 days after every rent due date. unless deferral of rent is approved by the Director of Student Housing.

Occupant will receive a notice to vacate from LSU Health Sciences Center **60 days** after their rent is past due. LSU Health Sciences Center will place a block on occupant's academic records until all debts are resolved. In addition, LSU Health Sciences Center may take legal action to collect any debt.

RHP 17 - Weather Related Emergencies

As dictated by the Chancellor's Memorandum-51 (CM-51); in cases where a mandatory evacuation is ordered by an authorized state, city, or university official; LSUHSC-NO WILL NOT serve as a shelter of last resort. All students living in the Residence Halls (Stanislaus Hall or Residence Hall) MUST evacuate the Health Sciences Center campus. It is the responsibility of each occupant to make arrangements for

Occupants who desire to park in residence hall lots must register their vehicle for parking assignments with **Parking Services**, located at **433 Bolivar Street**, **room 158** (library building). Occupant is required to obey the Parking Rules and Regulations. Parking Rules and Regulations can be accessed at; http://www.lsuhsc.edu/administration/ae/rules.aspx.

Specifically, occupant will be required to:

RHP 19 - Fire Safety Policy

Be aware of special fire hazards that exist on campus and cooperate with campus authorities in fire prevention efforts. You should know proper emergency procedures and phone numbers should a fire occur. Fires can occur by carelessness, or use of smoking materials, or candle flames, or combustible material and liquids, or electrical appliances, or arson. Burning candles <u>are not</u> permitted. <u>Do not</u> store combustibles **(RHP 9)** and check all electrical appliances carefully.

A **\$100.00 fine** will be charged to anyone who tampers with or covers smoke detectors.

Report and/or remove accumulated trash.

Be alert for suspicious activities. Report any suspicious activity to the **University Police** (504-568-8999).

Note that the Residence Hall complied with fire code requirements at the time of construction: however, the audible fire alarm can't be heard at 75 decibels in apartment bedrooms. To increase sound transmission, residents are advised to keep their bedroom doors open.

To be fully prepared in the event of an emergency, the Student Housing Staff is required to have current information on mobility impaired persons (persons who can't descend the stairs to the ground floor in a timely manner without assistance). Notify the Director of Student Housing if you are mobility impaired or become temporarily mobility impaired.

The Environmental Health and Safety Department conducts monthly checks of the smoke detectors and fire extinguishers in each apartment. Furthermore, the Director of Student Housing or a designated housing staff member, accompanied by an Environmental Health and Safety person will inspect all domiciles on a quarterly basis to check for fire hazards, including:

- Hazardous materials (RHP 9)
- Certain electrical appliances as per (RHP 9)
- Broken door closures
- Impeded sprinkler heads (RHP 9)
- Overloaded electrical circuits
- Impeded egress

Know about all the facilities safety features. Such features include:

- Fire extinguisher locations
- Fire alarm locations
- Fire escapes
- Smoke detectors.

Note: If a smoke detector in a hallway is activated, this will set off the general fire alarm throughout the entire building. If a smoke detector inside an apartment or dorm is activated, this <u>will not</u> set off the general alarm fire throughout the entire building. If there is an actual fire, the occupant must activate the nearest pull station to set off the building's general fire alarm.

- Fire doors
- Sprinkler head locations
- Emergency numbers

In case of a fire, act quickly, stay calm, sound the alarm in the hallway, contact **University Police** (**568.8999**). All fires should be reported. In case of fire in your housing facility, all persons will evacuate the building as quickly and orderly as possible using the stairwells and <u>NOT the elevators</u>. Move to the "area of refuge" at the Medical Education Building on the corner of Perdido and South Roman Streets and report your name and room number to the individual in charge (University Police Officer, Environmental Health and Safety representative of Housing Staff representative). Do not leave the area of refuge until given the "all clear" signal.

DO NOT attempt to drive out of the parking lot during a fire alarm.

Fire Drills

All occupants must vacate the premises during a Fire Drill and report immediately to the area of refuge.

WHAT SHOULD BUILDING OCCUPANTS DO WHEN AN ALARM SOUNDS?

- 1. **Evacuate your area** quickly and calmly.
- 2. Walk to the nearest stairwell exit. **Do not use the elevators**.
- 3. Carefully walk down the stairs. Stay to the right side and allow for traffic to enter.
- 4. Offer assistance to those who can move down the stairs but may still require some help. Do not lift or carry anyone up or down the stairs.
- 5. Upon exiting the building, go to your assigned Emergency Evacuation Area and report to **the individual in charge**.

Failure to report to the Emergency Evacuation Area will impede accountability of personnel. Upon arrival at the area of refuge, provide your name and room number to the **individual in charge** (University Police Officer, Environmental Health and Safety representative of Housing Staff representative).

Remain in your Emergency Evacuation Area until an "all clear" is given by the **University Police**.

Emergency Evacuation Area (Residence Halls)

- **Residence Hall**: Outside the MEB on the corner of Perdido and S. Roman Streets.
- Stanislaus Hall: Back parking lot along Gravier Street (trash disposal area).

LSUHSC-NO Housing Facilities will have scheduled and unscheduled fire drills. There will be a **\$100.00** fine if occupant does not leave the building during the drill. There are no acceptable excuses for not leaving. The Director of Student Housing will have the **University Police** escort the occupant from the premises.

Refusal by occupant to leave may result in eviction.

HOW DOES THE ALARM SYSTEM WORK IN MY BUILDING?

Each building is equipped with fire detection system that detects smoke or fire and notifies occupants in less than three seconds. There are two types of alarm systems at LSUHSC facilities. Residence Hall and Stanislaus Hall are general alarms. This means that if the life safety system detects a problem then the entire building goes into alarm an all building occupants will evacuate immediately.

WHAT HAPPENS TO THE ELEVATORS IN THE EVENT OF AN ALARM?

The speakers in the elevators will sound. The elevators may or may not be recalled to the first or second floor of the building. If they are recalled, they will remain on the first or second floor (depending on the building and the floor in alarm) with doors open and

speakers that announce there is a fire alarm. The elevators will not return to normal operation until the life safety system is taken out of alarm and the elevators are reset. In the event of an alarm, <u>do not</u> use the elevators. If you are on an elevator during an alarm, when the doors open, immediately get off and go to your outside Emergency Evacuation Area using the closest exit door.

Actual Fire

WHAT TO DO IF YOU SEE A FIRE OR SMELL SMOKE?

- 1. If a fire or smoke is seen immediately PULL the closest fire alarm pull station
 - Fire alarm pull stations are located by each stairwell and/or exit
 - If possible, close all doors to prevent the spread of smoke and fire to other nonimpacted areas
- 2. ALERT others of the pending emergency and begin a calm and immediate evacuation of the building. Close the door(s) to your apartment or dorm to confine the fire
- 3. CALL the **University Police at 568-8999 or 911** and give specific information, such as,
 - Your name and the telephone number
 - The exact location of fire or smoke (building, floor, and/or room number)
 - The type of fire (electrical, flammable liquid, trash, etc)
 - The extent of the fire (severity of the fire and/or amount of smoke)
- 4. Immediately begin following the Emergency Evacuation Procedures as written below.

WHAT SHOULD A MOBILITY IMPAIRED PERSON DO WHEN AN ALARM SOUNDS?

- 1. With the assistance of a floor leader or co-worker, exit to the nearest stairwell. Enclosed stairwells are safe refuge areas for people who cannot evacuate because stairwells have higher fire resistant construction than the surrounding building and a separate ventilation system. <u>Do not</u> use the elevators. Your location will be provided to the emergency responders.
- 2. Remain inside the stairwell until assisted by Fire Department personnel or the **University Police** gives you an "all clear" to return to your office.

Note: Escorts should assist visiting mobility impaired personnel's movement to the stairwells. If the visitor has no escort, any building occupant can assist. The escort (upon arrival at the Emergency Evacuation Area) shall report the location of the mobility impaired person to the Floor Leader.

WHAT SHOULD I DO IF I AM TRAPPED IN A BUILDING FIRE?

- 1. Stay where you are and do not panic
- 2. Feel the door handle and then the entire door.
- 3. If the door handle or the door is hot, DO NOT OPEN THE DOOR.

- 4. If there is pressure on the door and "puffs" of smoke coming around the door, <u>DO</u> NOT OPEN THE DOOR.
- 5. Close all doors, windows, and any other openings that lead to the impacted area.
- 6. As a last resort, if there is a window(s) that can supply fresh air open or break it.
- 7. Use extreme caution while breaking the window. Protect yourself from broken glass.
- 8. Exercise extreme caution as the large increase of air from the broken window may cause the fire to intensify. Additionally, the breaking glass may cause injury to you or bystanders on the ground.
- 9. If possible, use a wet towel or blanket to cover yourself

Fire Sprinkler System Policy

- <u>DO NOT</u> hang anything from the sprinkler pipes and <u>do not</u> stack any material near sprinkler heads, as such actions may impact the function of the sprinkler system. A <u>\$100 fine</u> will be levied if something is hanging from the head or pipes.
- The Director of Student Housing reserves the right to evict anyone who tampers with the sprinkler system.
- LSU Health Sciences Center is not liable for any damages to property caused by water.
- If the sprinkler system is activated call **University Police** immediately at **504-568-8999**.

RHP 20 - Computer Network Information and Policy

Technical Support - Help Desk - 568-4357

Connecting to the LSUHSC Network

Both wired and wireless connectivity to the LSUHSC Network is available in your dorm room. This is the same network connectivity that is provided throughout the LSUHSC Academic Campus.

- A wired LSUHSC Network jack is located in each dorm room.
- The LSUHSC-Secure SSID is available for wireless connectivity in each dorm room.

Multiple Computers

While it is best to connect only one computer to a network outlet at a time, if you need to connect more than one computer simultaneously within the premises, you will need to purchase a network switch. The network is not configured to accept Routers. If there is a problem with your connection, the first step will be to disconnect your network switch/hub, which may be the only solution. If so, you will not be able to use your switch/hub or share your connection.

Routers Are Not Allowed

Only hubs or switches will be allowed for students living on campus who want additional network connections in the dorm room. This equipment is available at local computer retailers. Routers, wired or wireless, are not allowed.

Network Connectivity Policy

You should have current Anti-Virus software installed along with the latest operating system updates. LSUHSC has software available through its Campus License Agreement (CLA), which include the following:

- Microsoft System Center Endpoint Protection Anti-Virus
- Operating System Upgrades
- Microsoft Office

For details on licensing and how to download, install, and configure these applications, and updates please contact your school's Tech Supporter.

Remember that even though you are "at home" in the dorm room, you are still on the LSUHSC system and are bound by the LSUHSC computer policy. Failure to follow the school policy will result in disciplinary action, which may include dismissal from the university.

<u>Currently all data passing through the LSUHSC network is being logged and flagged. Your traffic can be tracked down to your computer.</u> This network is here for us to use, please do not abuse the system.

The LSUHSC Computer Usage Policy, Chancellor's Memorandum 42 (CM-42) is located on the web at: http://www.lsuhsc.edu/administration/cm/.

Alternate Internet Service Provider Policy

If you use an alternate Internet Service Provider (dial-up, DSL, cable modem) within the premises, you are NOT bound by the LSUHSC computer policy.

TROUBLESHOOTING

If the network connection is not working, try using a different cable, another room's connection, the library, or one of the connections in the MDLs. If it works, then you know the problem is with the wiring or network switch/hub in the room and you should contact the Director of Student Housing.

If your computer does not work in any outlet, you will need to contact the Director of Student Housing or the Tech Supporter for your school.

If you need help with the LSUHSC email setup/account, and network resources (drives/printers, e.g., O: drive), **contact the Tech Supporter for your school**.

Hardware can be purchased at any computer store.

For your convenience, LSUHSC also sells the appropriate hardware at the following location: **LSUHSC Campus Technology and Supply Store** on the 2nd floor of the MEB room 2200 (Monday thru Friday, 8:00 a.m. – 4:00 p.m.) **phone 568.4447**.
