Medical Center Stores Information and Policies

DELIVERIES	Stock orders placed before noon will be filled with available stock and sent out the next scheduled delivery day. Special orders will be delivered as we receive the shipments.
INSIDE DELIVERIES	Stores delivers once daily to 1542 Tulane Avenue and 1100 Florida Avenue.. MC Stores delivers twice daily to the Eye Center, Allied Health, Medical Education and Clinical Sciences Buildings.
OUTSIDE DELIVERIES	Stores delivers daily to Tulane Medical Center, Children's Hospital and the Downtown area. We deliver twice a week to the East Bank, Metairie area and to the University of New Orleans and once a week to the West Bank. All others will be scheduled as needed.
SPECIAL ORDERS	Stores is happy to provide our customers with non-stock items at discounted prices as our contracts allow with one of our many vendors that we have on our Vendor List. Rush orders should be placed prior to noon for us to meet shipping deadlines with most companies. Deliveries will be made to the laboratories upon receipt from the vendor.
PLACING ORDERS	Special order forms are available from Stores and on line at www.auxent.lsuhs.edu/mcs . Fax your order (568-3882), phone your request (568-8334) or shop by Internet. Special orders placed with Stores are ordered with the Vendors the following morning.
ORDER CONFIRMATIONS	Stores will send you an order confirmation via Campus Mail which contains the order information and pricing. Please refer to the order number when you call to inquire about your order. An email confirmation will be sent showing the estimated delivery date.
SHIPPING	In general, orders are shipped to us within 7 to 10 working days. Shipping time varies with each vendor and each item's availability. Rush orders (overnight or 2nd day) are available on request. Rush charges are the responsibility of the investigator. Most of our contracts waive regular shipping charges. If the vendor charges shipping, these costs will be passed on according to the order placed and fees assessed.
RETURN POLICY	Stores will gladly accept stock merchandise returns within 15 days of receipt as long as the product is in its original packaging. Enzymes/perishables cannot be returned once they have been accepted for delivery.
SPECIAL ORDERS	Special orders can be returned if the vendor will accept the returned merchandise. Items must be in good condition and original packaging. Stores is happy to handle returns for you at no additional charge, however, if a vendor charges a restocking fee or shipping fee, it will be passed on to the customer account. In these situations, please check with your Business Manager so that the appropriate account is charged for these fees. Stores will absorb the cost for any returns due to an error on our part.
ENZYMES	Please bring ice when picking up enzymes. Customers may request delivery of enzymes but Stores will not be held responsible for them once they are accepted by the department and receipt of delivery is acknowledged. Special order enzymes and perishables do not ship over the week-end.
ISOTOPES	Stores helps coordinate orders for radiochemicals in an effort to reduce shipping charges to the laboratories. Routine orders or emergency orders are placed on an as needed basis. Please be sure to notify Store's personnel if special handling or special deadlines are necessary.

ALL PRICES PRINTED OR QUOTED BY STORES ARE SUBJECT TO CHANGE WITHOUT NOTICE

Welcome to Medical Center Stores

Medical Center Stores is the source for your scientific supplies and equipment for your research. We stock over 1900 scientific supplies in our facility conveniently located on the 2nd floor of the MEB. Stock items can be delivered to you within one business day or we welcome you to come into the store to shop for your laboratory needs. We are open from 9:00 a.m. to 4:00 p.m., Monday through Friday.

If we don't have your item in stock, we will be happy to order it for you and deliver it directly to your laboratory. We work closely with our vendors to ensure that our customers are receiving the best possible value on scientific supplies.

If there is an item that we don't currently carry in our inventory but would be necessary for your research, please complete the form requesting the item to be added to the inventory. Our goal is to stock the necessary scientific materials needed for your research.

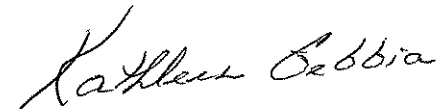

We currently have six (6) Supply Centers which have been developed to carry items which were repetitively ordered so that the materials could be easily acquired as needed.

The Supply Centers are:

- BioRad
- Fermentas
- Invitrogen
- Promega
- Qiagen
- Roche

Please contact us for more information at (504) 568-8334 or via email: aemcs@lsuhsc.edu. The order forms for MCS are included within the catalog. The catalog of items and interactive order forms can also be obtained from our website, www.auxent.lsuhs.edu/mcs.

We look forward to serving you.
