Gifts and Donations

The LSUHSC-New Orleans Libraries (John P. Isché Library and School of Dentistry Library) appreciate gifts of books, journals and other materials that support and enhance the educational, clinical and research needs of the University. While current materials are preferred, historical items and those items related to the University make welcome additions to our Old and Rare collections, which include special collections such as the Aristides Agramonte Yellow Fever Collection and our institutional archives.

Small donations of 10 items or less may be delivered to the circulation desks at any time during library hours. Please fill out a donation form (available from library staff) and we will send a formal acknowledgment for your donation. Due to limited space and staff time, we are unable to accept all donations sight unseen. For donations larger than 10 items, please contact the Collection Development Librarian, Marlene Bishop, mbisho@lsuhsc.edu, (504) 568-6109, to discuss the donation in greater detail. For donations consisting only of journals, please contact the Head of Serials, Hanna Kwasik, hkwasi@lsuhsc.edu, (504) 568-6106. For donations to the Dental Library, contact Head Dental Librarian, Julie Schiavo, jschia@lsuhsc.edu, (504) 941-8160. The libraries do not have means to pick up donations from private residences or offices. However, if the donations are on campus, it may be possible to arrange for a library staff member to preview the materials at your location.

All donated materials must be in good condition and not be overly marked or highlighted. Study guides, quick references and workbooks as well as outdated or superseded materials are generally not accepted. Incomplete sets of multi-volume works and duplicates of material already owned may only be useful if the material is of historical or local significance or if the items can be used to replace worn copies or fill in gaps. Donors may request that books and journals added to the collection include special bookplates which recognize the donor or pay tribute to a special designee.

Items accepted as donation become property of the LSUHSC-New Orleans Libraries, and as such, the libraries reserve the right to determine retention and location of the donated items. Whereas the wishes of the donor will be considered and respected as much as possible, the libraries will make decisions with regards to the storage, display, access, and disposal of items in a collection following best practices established for libraries and archives. The libraries are prohibited from providing appraisals; determining the value of donated materials is the responsibility of the donor.

Financial gifts to the libraries are welcomed. Monetary donations can also be made in honor of or in memory of a colleague or loved one. The funds can be designated toward the purchase of specific items or the library can determine an appropriate purchase for you. Special bookplates can be requested to acknowledge the significance of a donation. Large donations may qualify for the establishment of a special fund. To make a financial donation, please contact Director of Libraries, Deborah Sibley, dsibl2@lsuhsc.edu, (504) 568-7698.

Thank you for considering a donation to our libraries.
