The URL resource allows teachers to create a link inside the course to direct students to a website or an external file.

Follow the steps below to create a URL.

Click here to learn how to add an Activity in Folder View.

## Select "URL" and click the "Add" button.

Add a	n activ	ity or resource
) Cremai looi	*	
) 崎 Feedback		The URL module enables a teacher to
🖲 🛜 Forum		provide a web link as a course resource.
Aa Glossary		Anything that is freely available online, such
🕽 📹 joule Synchronous		as documents or images, can be linked to;
E Lesson		the URL doesn't have to be the home page
		of a website. The URL of a particular web
		page may be copied and pasted or a
		teacher can use the file picker and choose
SCORM package		a link from a repository such as Flickr,
Survey		YouTube or Wikimedia (depending upon
🔊 🎬 Wiki		which repositories are enabled for the site).
🕽 🔆 Workshop		-
ESOURCES		There are a number of display options for
		the URL, such as embedded or opening in a
) 🐌 Book	E	new window and advanced options for
) 📄 File		passing information, such as a student's
🔊 🦲 Folder		name, to the URL if required.
🖲 😭 IMS content package		Note that URLs can also be added to any
🕽 📑 Label		other resource or activity type through the
) 🛐 Lightbox Gallery		text editor
		lox outpl.

	Path: p
3 Display description on course page (	

- 1. Add a name for the URL.
- 2. Write a Description.
- 3. Check box to "Display description on course page."

Enter the URL		
Content	External URL*	Choose a link

Optionally, click the "Choose a link" button to create a link to a file in a external repository.

Content	
Content	
External URL*	Choose a link
	Onoose a link

1. Define Display:

\* Automatic - The best display option for the URL is selected automatically.

\* Embed - The URL is displayed within the page below the navigation bar together with the URL description and any blocks.

\* Open - Only the URL is displayed in the browser window.

\* In pop-up - The URL is displayed in a new browser window without menus or an address bar.

2. If "In pop-up" is selected, determine the dimensions of the new window .

## 3. Check boxes to display URL name and description

Optionally, choose Parameters to pass with the link.

Parameters	
parameter=variable*	Choose a variable
parameter=variable*	Choose a variable 🔺
parameter=variable*	id
parameter=variable*	Course full name
parameter=variable*	Course short name Course ID number
	Summarv

Sometimes a destination site will want data passed with the link. This feature allows for the creation of a parameter string using custom fields and real user/course data.

## Define Common module & Restrict access settings.

Common module settings			
			* Show advanced
Group mode 🚺	No groups -		
Visible	Show -		
ID number 👔			
Restrict access			
Allow access from 🜗	12 • September • 2012 • 00	▼ 00 ▼ ■Enable	
Allow access until	12 • September • 2012 • 00	- 00 - Enable	
🙎 Release code 🚺			
Grade condition 👔	(none)	✓ must be at least % and less than	
	%		
	Add 2 grade conditions to form		
Completion condition 🜗	(none)	<ul> <li>must be marked complete</li> </ul>	
	Add 2 activity conditions to form		
Before this can be accessed	Show this greyed-out, with restriction	n information 👻	

- 1. Select Common module settings. Click here to learn how.
- 2. Determine Restrict access conditions. Click here to learn how.

Select Activity completion settings.				
	Activity completion			
	Completion tracking	Students can manually mark the activity as completed		

Completion fracking	Students can manually mark the activity as completed +
1	
Require view	Student must view this activity to complete it
Expect completed on	21 - February 2011 - Enable
2	

If enabled, Activity completion is tracked, either manually or automatically, based on certain conditions. Multiple conditions may be set if desired and the activity will only be considered complete when ALL conditions are met.

1. Select Completion tracking method.

2. Select date when the Activity is expected to be completed. The date is not shown to students and is only displayed in the Activity completion report. <u>Click here to learn how to view the Activity completion report.</u>

Click "Save and disp	lay"			
	Save and return to course	Save and display	Cancel
