**LSUHSC Library Privileges
For LALINC/CALL Borrowers**

The LSUHSC Library is happy to extend borrowing privileges to patrons from LALINC/CALL libraries. To register at the LSUHSC Library, present your school I.D. and LALINC/CALL card (issued at your home library) at the Circulation Desk. After registration, your LSUHSC Library card and school I.D. are required when checking out materials.

1. LALINC/CALL borrowers may check out circulating monographic (book) materials that are not classified with the call number of WY. (WY is the classification for the majority of the nursing materials, and these items must be reserved for our primary community: LSUHSC students, staff, & faculty.) LALINC/CALL participants are welcome to use the nursing materials in-house.
2. Limitations on checking out library books also include a maximum of 5 items checked out at any one time. Also, if library materials become overdue by 13 days or more, no more items may be checked out or renewed until all overdue material is returned.
3. Journals are not available for check out to LALINC/CALL patrons but are available for use within the Library.
4. LALINC/CALL borrowers may use the library's bibliographic databases (MEDLINE, CINAHL, etc.) when in the library. Additionally, they may use the library's online catalog both in the library and from remote locations via the World Wide Web (<http://innopac.lsuhsu.edu>). Electronic materials may be accessed when in the library only.
