Old Business:

Security Issues: Chief Bass responded to the Senate's inquiry on an apparent security breach in the parking garage. She was unaware that unknown individual(s) had placed pamphlets under the wind shield wipers of cars parked in the Roman Street garage. She will get back to the Senate on this issue at the next meeting.

Faculty Club: There was a brief discussion about the role of the Senate in the development of the Faculty Club. Concern was raised about the expense of renovation, location, and the amount of space allotted to the Faculty Club on the 12th, 13th, and 14th floors of the old Charity Nursing School. It was decided that the Senate should wait pending the situation of the Faculty Club working its way through the administrative process. It was hoped that the administration will come to the realization that a better site for the Faculty Club could be found on campus.

LSUHSC website: The web mail version is known to be out of date and an upgrade to the latest version is scheduled for this summer. Computer services is waiting until summer to lessen the impact on students.

New Business:

Elections: Elections were held for President-elect and Secretary. Robert Rowe and Don Layman were nominated for President-elect and Jennifer Lloyd and Cathy Correa for Secretary. Robert Rowe is the Senate's President-elect and Jennifer Lloyd is our new secretary. Our incoming President in July is Michael Levitzky.

Meeting was adjourned at 4:10 PM by President Jacob.

Respectfully submitted
Don Layman, Secretary
