**How to setup a TurningPoint link in Moodle?**
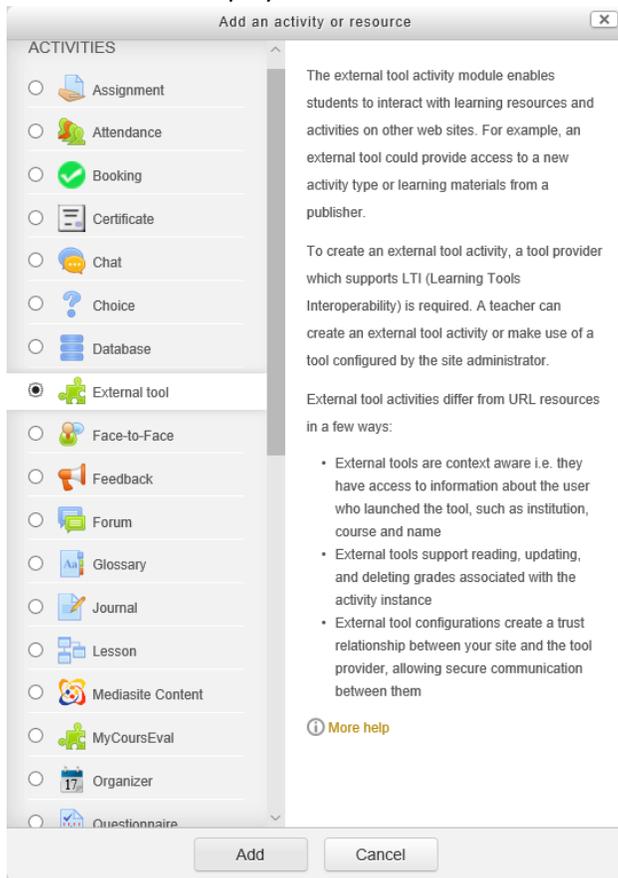

Instructors must setup a TurningPoint link to a course in Moodle so the Participants can access TurningPoint from Moodle.

1. Sign into your Moodle account.
2. Go to the course in which the TurningPoint link needs to be added.
3. Click **Turn editing on** button.
4. Click **Add an activity or resource**. The *Add an activity or resource* window is then displayed.

5. Under Activities, select **External tool** option. Click **Add** button. The *Adding a new External tool* window is then displayed.

6. Type **TurningPoint Account** in Activity name. Select **Turning Technologies Account** in Preconfigured tool dropdown.

7. Click **Save and return to course** button.
8. The **TurningPoint Account** link is added to your course. Clicking the link will log you directly into TurningPoint.
