ITEM S5

Resolute™ Strength Selectorized Line

# Rear Delt / Pec Fly

Resolve to make your selectorized strength equipment purchase with confidence—choose the Resolute™ Strength line from Precor. It delivers on what matters most: your investment will withstand the test of time.

The Resolute Strength Rear Delt / Pec Fly features dual independent-movement arms that can each be set to 13 starting positions over a 120-degree range to accommodate a wide variety of exercisers and targeted training. The weight tower is offset to the right for most convenient access.

ITEM S5

Resolute™ Strength Selectorized Line

# Rear Delt / Pec Fly III

### Biomechanically Sound

The dual-pivoting arms accommodate different arm lengths allowing exercisers to comfortably perform each opening and closing movement while maintaining proper form. The gas-assisted ratcheting seat helps exercisers optimally position their arm height.

### Designed to Go the Distance

The over-sized steel tubing of the Rear Delt / Pec Fly contributes to a more durable product while also giving the tallest of the Resolute line a timeless, contemporary silhouette. Sealed bearings in all pivot points and chrome-plated adjustment plates make for quiet operation for years to come.

### Focused on the Experience

With intuitive, clearly marked adjustment points, the Resolute Rear Delt / Pec Fly allows exercisers to transition between the two exercises seamlessly on this single piece of equipment. The word-free instructional placard clearly highlights the two sets of muscles this single machine will work.

### Advanced Training with Sony® Advagym

Strength training has gone digital. Add the Sony Advagym training and tracking system, along with the app, to give your exercisers a whole new way to train. Through the Advagym app, personal trainers can prescribe workouts and monitor their clients' progress.
