

# LSUHSC J-1 EXCHANGE-VISITOR (NON-STUDENT\*) DS-2019 REQUEST ROUTING PROCEDURES

\*Requests for all International **Students** should be made on the International Student Form

1. Send the J-1 Application Kit to the prospective J-1 Exchange Visitor. You will need information, documents and signed forms from the Exchange Visitor before you are able to complete the DS-2019 Request packet. The completed J-1 Application Kit and all documents must be provided with the request packet **except** for extension requests for current LSUHSC sponsored exchange visitors.

**Exchange visitors who are foreign medical graduates who wish to pursue medical residencies or undertake clinical training are not eligible for J-1 sponsorship by LSUHSC. These individuals must obtain sponsorship from the Educational Commission for Foreign Medical Graduates (ECFMG) J-1 Program. Do not complete these forms if clinical training is intended!**

2. Complete and route forms LSUHSC-30 (DS-2019 Request Form), LSUHSC-31A (No Patient Contact) **or** LSUHSC-31B (Incidental Patient Contact) if applicable, and LSUHSC-32 (Agreement to Accept Responsibility) to obtain required signatures.

3. Individual preparing request must complete and sign LSUHSC-37 (Checklist) and attach to application.

4. Once forms are fully complete and signed by all **excluding the Dean**, forward to International Services.

5. International Services will review application and, if complete, will sign and forward to the Dean's Office for approval.

6. Upon return from Dean's Office, International Services will prepare and sign Form DS-2019, as well as other documentation to accompany Form DS-2019.

- A DS-2019 issued to begin a new program/allow dependents to enter separately will be returned to the sponsoring department for transmittal to the exchange visitor/dependents.
- A DS-2019 issued to Transfer an Exchange Visitor's program to LSU HSC from another SEVIS sponsor will be available for pick up in International Services once the EV has arrived at LSU HSC and checked in with ISO.
- A DS-2019 issued for Extension will be available for pick up in International Services.
- **A current J-1 exchange visitor sponsored by LSUHSC may request a replacement for a lost/stolen/damaged DS-2019 directly to the ISO via email to InternationalServices@lsuhsc.edu. This only applies to replacement forms which require **no** changes.**

The insurance requirement for all J Exchange Visitors remains the same. LSU HSC-34 is now part of the J Application Kit, which is completed by the beneficiary. To avoid an exchange visitor purchasing coverage that they do not need/cannot use, LSU HSC-34 must now be completed by the scholar and the insurance provider and returned by the Exchange Visitor *before* they leave their home country and *prior* to their initial arrival at LSU HSC. Coverage dates must coincide with the date they arrive in the U.S. (not the program start date), and must be for a minimum of two months of coverage at initial arrival. **If a scholar arrives without coverage, their program is subject to termination.** Following initial arrival, ISO will take over verifying that the Exchange Visitors are maintaining the required coverage, for themselves and their dependents, as usual.

## INSTRUCTIONS: J-1 EXCHANGE VISITOR DS-2019 REQUEST

A. Complete LSUHSC-30 (DS-2019 Request Form) as follows:

1. Obtain necessary biographical data from the exchange visitor using the J-1 Application Kit.

- If an alien physician (M.D.), refer to Addendum #1 and complete LSUHSC-31A (No Patient Contact) **or** LSUHSC-31B (Incidental Patient Contact) as appropriate.
- *Foreign medical graduates who wish to pursue clinical training in the United States must make application to the Educational Commission for Foreign Medical Graduates (ECFMG) for sponsorship. These individuals cannot undertake clinical training on the J-1 Program sponsored by LSUHSC!*

**CV/resume & letter of offer/invitation must be attached to all new/transfer applications.**

2. Indicate the purpose of the form:

- Begin New program
- Replace Lost or Correct Previous Form (see Addendum #1)
- Permit Family to Enter U.S. Separately (see Addendum #2)
- Transfer J program from another SEVIS program sponsor (see Addendum #3.)
- Extension of current on-going program (see Addendum #4)
- Reinstatement (consult with International Services)

3. Provide period of stay requested with beginning and ending dates.

4. Provide a brief and clear description of activities to be performed at LSUHSC. This information is required in order that International Services may determine the appropriate DOS category.

5. Minimum financial support for Post-Doctoral Researchers/Fellows equaling \$42,000 effective 7/1/2014, annually must be met for all new programs, extensions and transfers. The only exception is that of graduate students. As a result, this minimal salary guideline is subject to review by the LSUHSC administration on a case by case basis. It is important to note that pursuant to DOS regulations, the amount paid to the exchange visitor must be comparable to that paid to others of similar educational attainment and work experience. Verification of adequate financial resources **must** be provided if funding source is not LSUHSC. This verification must be on official documentation of the funding agency (translated as appropriate) indicating the U.S. dollar amount and dates of support. If personal or family funds, verification on official documentation from financial institution is required. A "pledge of support" letter is also required if not personal funds.

6. In accordance with System policy, new hires over the mid-point of salary range established for the position require justification and approval. You must attach a copy of the approved job description with the application, as well as over mid-point of salary range justification and approvals if applicable.

7. Remember to attach copies of passport, visa, I-94 and relevant forms (i.e. DS-2019, I-20, etc).

8. Please note an exchange visitor may not be eligible for program participation in the Research Scholar or Professor category if he/she has been physically present in the United States in any J status for any part of the 24-month period immediately preceding the date of program commencement on the Form DS-2019. If previously in the U.S. in any J status, attach copies of all prior Forms IAP-66/DS-2019 as available. Details about this restriction are included in the J-1 Application Kit.

9. If the spouse or unmarried children under the age of 21 (J-2 dependents) will accompany the exchange visitor to the U.S., the sponsoring department should obtain the required documents from the prospective Exchange Visitor for their dependents, as specified in the J-1 Application Kit.

- If J-2 dependents will later join the exchange visitor and enter the U.S. separately, see Addendum #2.
- Remember, all dependents are required by DOS to obtain and maintain health, accident and repatriation insurance and should be included on LSUHSC-34. (Certificate of Health, Accident and Repatriation Insurance).

10. Complete LSUHSC-32 (Agreement to Accept Responsibility) and obtain appropriate signature.

11. For ALL Non-Faculty positions, obtain confirmation from HRM that all required credential related documents have been received. After HRM receives the documents electronically, and then confirms with the department that they have been received documents directly from the school/evaluation company, the department can just print that email and put it in the packet.

12. Utilize LSUHSC-37 (Checklist) to determine all required forms and documents are complete and signed by the appropriate individual. Once forms are fully complete and signed by all **excluding the Dean**, forward to International Services. International Services will review application and, if complete, will forward to the Dean's Office for approval. The application will be not be considered complete if this form is not completed and signed.

13. Upon return from Dean's Office, International Services will prepare and sign Form DS-2019, as well as other documentation to accompany DS-2019.

## **LSUHSC ADDENDUM #1 FOREIGN MEDICAL GRADUATES AS EXCHANGE VISITORS**

The LSUHSC is authorized by DOS to issue Form DS-2019 for non-clinical programs to alien physicians (M.D. or equivalent) to enter the U.S. for the purposes of **observation, consultation, teaching, or research**.

- No applicant issued an DS-2019 from LSUHSC is eligible for Louisiana State licensure from LSBME.
- If the purpose of the exchange visitor's participation in a program is of a clinical nature (residency, fellowship or other clinical training), the exchange visitor is required to apply to ECFMG for sponsorship. For more information, please contact ECFMG at (215) 386-5900 or through the ECFMG [website](#).

*Departments requesting LSUHSC sponsorship of a J-1 Exchange Visitor who is a foreign medical graduate (M.D. or equivalent) must complete LSUHSC- 31A or LSUHSC-31B (not both).*

Form **LSUHSC-31A (NO PATIENT CONTACT)** must be completed for foreign medical graduates who will engage in activities of observation, consultation, teaching or research only where there is **no** patient contact.

SEVIS functionality only permits dependents (J-2) to be added while the J-1 is in initial status but before they are issued an entry visa **OR** after the J-1 has arrived and had their program validated. Exchange Visitors and dependents should consider this restriction when making travel plans and requests for DS-2019 forms.

## LSUHSC-32 AGREEMENT TO ACCEPT RESPONSIBILITY FOR EXCHANGE VISITOR

---

Name of proposed EV

The U.S. Department of State's Exchange Visitor Program fosters global understanding through educational and cultural exchanges. As an authorized J program sponsor, LSUHSC has specific obligations with regard to exchange ALL exchange visitors:

- Exchange visitors' participation in their exchange program must be monitored by employees of the sponsor. (See [22 CFR 62.10](#)) ISO relies on those who are in daily/frequent contact with sponsored exchange visitors to assist in carrying out monitoring required by the J regulations.
- By requesting to host a J exchange visitor in the department, the sponsoring faculty and department head agree to assist in monitoring the **well-being, progress and welfare** of the exchange visitor, and report any concerns to ISO.
- Faculty members who request to host J exchange visitors are bound by the professional and ethical obligations described in the Faculty Handbook, including: "...[P]rofessors have obligations that derive from common membership in the community of scholars. Professors do not discriminate against or harass colleagues. They respect and defend the free inquiry of associates. In the exchange of criticism and ideas professors show due respect for the opinions of others... It is the basic principle that every member of the faculty of whatever rank shall at all times be held responsible for competent and effective performance of appropriate duties." (See [Faculty Handbook](#) at 10.2 and 10.5.1)

As the Responsible Officer for the J program at LSUHSC, the ISO Director makes the final decision of whether action relative to the visa or immigration status of the exchange visitor is appropriate or required.

- No faculty sponsor or department head may threaten, imply or suggest possible adverse action with regard to an exchange visitor's visa, immigration status or participation in LSUHSC's J program without prior consultation and approval from ISO.

**If funding is provided by LSUHSC**, the department agrees to accept responsibility for the exchange visitor for the **entire** period of stay as requested and certify that the department has sufficient funding to support this J-1 exchange visitor for the **entire** period requested.

- Exchange Visitors who receive funding from LSUHSC are employees of LSUHSC. This means that ALL employer obligations, policies, procedures and protections extend to J exchange visitors. An employee's immigration/visa status as a J exchange visitor does not negate LSUHSC's obligations to them as employees.

- LSUHSC policies provide employees protection from discrimination, including discrimination based on national origin. (Please see [CM-10, Faculty Handbook](#) 4.5.2 and 10.6.3.) J exchange visitors may not be treated differently because of their participation in LSUHSC's J exchange visitor program as J status/visa holders.

Exchange visitors **funded by their home government, university, or international organization** have a responsibility to adhere to the guidelines/regulations of the funding authority. It is the responsibility of the faculty sponsor within LSUHSC to determine (before the DS-2019 is requested) whether they can live within those guidelines. Once the DS-2019 is issued, the faculty sponsor (and LSUHSC) is obligated to abide by those guidelines.

- All communication with the exchange visitor's government, university or the international organization funding authority **MUST** be routed through International Services **PRIOR** to submission. This policy includes correspondence regarding graduate students, research scholars or other categories of exchange visitors.

**CERTIFICATION BY DEPARTMENT**

Should any problem occur with the exchange visitor regarding employment, finances, studies, etc., we agree to notify international services **prior** to initiating any action regarding the exchange visitor. In addition, we agree to follow the appropriate standard LSUHSC procedures in remedying such problems. **We have read and agree to the above stated terms required to host a J exchange visitor.**
