Resolute™ Strength Selectorized Line

Outer Thigh 

Resolve to make your selectorized strength equipment purchase with confidence—choose the Resolute™ Strength line from Precor. It delivers on what matters most: your investment will withstand the test of time.

The Resolute Strength Outer Thigh targets the hip abductor muscles, more commonly known as the glutes. Exercisers face the shrouded weight stack for privacy. The easy-to-operate adjustable start position allows easy entry and exit from the equipment.

ITEM S15

Resolute™ Strength Selectorized Line

Outer Thigh

Biomechanically Sound

The Resolute Strength Outer Thigh offers a foot support bar and slightly reclined seat back for stabilization and comfort as exercisers work their abductor muscles. The unique ratchet adjustment allows exercisers to set or change the start position once they are seated.

Designed to Go the Distance

Sealed bearings in all pivot points, oversized steel tubing, and chrome-plated adjustment plates make for quiet, durable operation for years to come.

Focused on the Experience

Exercisers face the shrouded weight stack tower of the Resolute Outer Thigh to provide privacy during the movement. The thigh pads are easily adjusted to accommodate entry and exit from the equipment.

Advanced Training with Sony® Advagym

Strength training has gone digital. Add the Sony Advagym training and tracking system, along with the app, to give your exercisers a whole new way to train. Through the Advagym app, personal trainers can prescribe workouts and monitor their clients' progress.
