Scientific Supply Center Information and Policies

A Section of the Purchasing Department MEB Room 2100

DELIVERIES

Stock orders placed before noon will be filled with available stock and sent out the next scheduled delivery. Special orders will be delivered as we receive the shipments.

INSIDE DELIVERIES

SSC delivers twice daily to the Eye Center, Allied Health, Medical Education and Clinical Research Sciences Building.

OUTSIDE DELIVERIES

Deliveries are made daily to 1542 Tulane Avenue, Tulane Medical Center, LCRC, the Downtown area and the Dental School. We deliver **twice a week** to Children's Hospital, the Uptown area, East Bank, and the University of New Orleans. We deliver **once a week** to the Kenner / Elmwood area, and the West Bank. All others will be scheduled as needed.

SPECIAL ORDERS

SSC is happy to provide our customers with non-stock items at discounted prices as our contracts allow with one of our many vendors that we have on our Vendor List. **Rush** orders should be **placed before noon** for us to meet shipping deadlines with most companies. Deliveries will be made to the laboratories upon receipt from the vendor.

PLACING ORDERS

Stock and Special order forms are available from SSC and on line at www.lsuhscc.edu/administration/SupplyChain/scientificsupplycenter

Or Fax your orders to (568-3882), or Email your orders to: ssc@lsuhscc.edu.

Special orders placed with SSC are ordered with the Vendors as the day allows. We attempt to group the orders in the event there are shipping fees. The shipping fees are then shared by the number of people ordering.

ORDER CONFIRMATIONS

SSC will send an order confirmation via Campus Mail and via email which contains the order information. Please refer to the order number when you call to inquire about your order. The email confirmation will be sent showing the estimated delivery date.

SHIPPING

In general, orders are shipped to us within 3 to 10 working days. Shipping time varies with each vendor and each item's availability. Rush orders (overnight or 2nd day) are available upon request. Rush charges are the responsibility of the investigator. Most of our contracts waive regular shipping charges. If the vendor charges shipping, the costs will be passed according to the order placed and fees assessed.

RETURN POLICY

Stores will gladly accept stock merchandise returns **within 5 days of receipt** as long as the product is in its original packaging.

***Enzymes/perishables cannot be returned once they have been accepted for delivery.**

Special orders can be returned **if** the vendor will accept the returned merchandise. Items must be in good condition and in original packaging. Stores is happy to handle returns for you at no additional charge, however, if a vendor charges a restocking fee or shipping fee, it will be passed on to the customer. In these situations, please check with your Business

Manager so that the appropriate account is charged for these fees. Stores will absorb the cost for any returns due to an error on our part.

ENZYMES

Please bring ice when picking up enzymes. Customers may request delivery of enzymes however, SSC will not be held responsible for them once they are accepted by the department and receipt of delivery is acknowledged. Special order enzymes and perishables do not ship over the week-end.

ISOTOPES

SSC helps coordinate orders for radio-chemicals in an effort to reduce shipping charges to the laboratories. These orders are usually placed on Thursday. Routine orders or emergency orders are placed on an as needed basis. Please be sure to notify SSC personnel if special handling or special deadlines are necessary.

ALL PRICES PRINTED OR QUOTED BY THE SUPPLY CENTER ARE SUBJECT TO CHANGE WITHOUT NOTICE
