

# CHANCELLOR'S Notes

February 29, 2008

## Barsley elected to national leadership post

Dr. Robert Barsley, Professor and Director of the Dental Health Resources Program, was elected to a one-year term as Vice President and Membership Chairman of the American Academy of Forensic

Sciences at its annual meeting in Washington DC last week. The Academy is a

nonprofit professional society organized in 1948 devoted to the improvement, the administration, and the achievement of justice through the application of science to the processes of law.

## Next Town Hall Meeting coming up

Because face-to-face communication is so important, I've scheduled our next Town Hall Meeting on Wednesday, March 12, 2008 at 5:00 p.m. in Lecture Room B of the Medical Education Building.

Much has happened since our last meeting, and this will give the Deans, Vice Chancellors and me a chance to provide information and also answer your questions.

We've tried to schedule it so that as many of you as possible can attend, and I look forward to seeing you all there.

## Public Health returns to downtown campus

I know you join me in welcoming our School of Public Health back downtown. They moved to their new space at 1615 Poydras Street over the last week or so and are now within walking distance of our downtown campus. The new main telephone

number is 568-5700.

While we're grateful to UNO for housing the school in its Research Park on the Lakefront, it's great to have our Public Health faculty, staff and students back on our extended main campus.

## Day with the Docs concludes successful year

Our School of Medicine recently hosted a hundred Acadiana high school students for a Day with the Docs. A collaboration of the medical school and the Area Health Education Centers, the purpose of the program is to offer interested high school students the

opportunity to learn about the practice of medicine as well as medical school training in Louisiana.

The outreach effort is organized and staffed by second year medical students with help from faculty and staff. It represents the class community service project for the year. Day with the Docs is beginning its sixth year, and has earned quite a reputation across the state. Three separate Days with the Docs are held each year for each major area of south Louisiana—Southeast, Central, and Southwest.

## Save the Dates!

\$25 donation at the door or in advance  
Tickets on sale in 3rd Floor Atrium - March 10th through 14th  
For more information contact Lindy Mills Lions Room 704 568-4874  
<http://www.lsuhsoc.edu/camptiger>
