

CHANCELLOR'S Notes

October 9, 2009

Nursing School earns maximum accreditation

The School of Nursing has earned accreditation from the Commission on Collegiate Nursing Education for the

maximum allotted time period of ten years.

The nursing school met all of the standards and the reviewers had no compliance concerns. We are gratified that the reviewers' comments were so positive and affirm the changes, direction and leadership of the school.

Fontham visits Charm City on network tv

As President of the American Cancer Society, our own Dr. Terry Fontham made her Food Network debut last night as she joined Ace of Cake's Chef Duff to award the top prize to the winner of the Taste More Birthdays Cake Contest.

Dental School celebrates Alumni Day

About 300 of our alumni celebrated Alumni Day at the School of Dentistry today. The day kicked off with a ribbon cutting, officially opening the two newly renovated auditoriums. If you haven't seen them, go take a look; they really wowed the crowd.

Other activities included continuing dental education courses, a business meeting, and a TGIF celebration with plenty of great food, great fun, and time to catch up with old friends or make new ones.

Academy Week advances scholarship

The third annual Academy Week this week featured a number of activities including a hands-on workshop on educational scholarship, a plenary session on Assessing Critical Thinking presented by Patricia Sullivan, EdD from UC - San Francisco, and new this year, the Educational Scholarship Day, with peer-reviewed oral abstracts, posters, and demonstrations representing educational innovations and research.

The annual Academy Induction and Recognition Ceremony capped off the week. Andrea Hauser, School of Medicine, and Qingzhao Yu, School of Public Health, were inducted as Fellows.

For more information about the Academy, the Fall 2009 issue of the *Academy Bulletin* is available online at the Academy's website at http://www.medschool.lsuhsu.edu/medical_education/omerad-academy.asp.
