

LIBRARY EXPLORER

New Acquisitions and News

Winter/Spring 2005

What's New in the Journal Collection

The dental library has new subscriptions to the following eleven journals for 2005:

Arkansas Dentistry
Atlas of the Oral and Maxillofacial Surgery Clinics of North America
Dental Historian
Endodontic Practice
Journal of the International Academy of Periodontology
Statistics in Medicine
Texas Dental Journal
Woman Dentist Journal
Biological Therapies in Dentistry
Endodontic Topics
International Journal of Dental Hygiene

The last 3 titles appear in electronic format only. Go to [Recent Acquisitions](#) in this issue to see which titles have already arrived in the library.

The dental library no longer receives print copies of *Anesthesia & Analgesia*, *Annals of Plastic Surgery*, or *Plastic & Reconstructive Surgery*, but all three are now available online to LSUHSC patrons. The Isché Medical Library has continued its print subscriptions for these titles.

We now have online access to most of the Quintessence journals. The record for each title in Innopac, the library catalog, contains the link to the electronic journal and the required ID and password. Once you select the volume, issue, and article you want to read, click on "Current subscribers -- login" and type the ID and password for that journal. The following are the online Quintessence titles:

International Journal of Oral & Maxillofacial Implants
International Journal of Periodontics & Restorative Dentistry
International Journal of Prosthodontics
Journal of Adhesive Dentistry
Journal of Oral Laser Applications
Journal of Orofacial Pain
Oral Biosciences & Medicine
Oral Health & Preventive Dentistry
Periodontal Practice Today
World Journal of Orthodontics

We would appreciate donations of the following issues:

Journal of the American Dental Association, August - December 2004 and all of 2005

Journal of Dental Education, June - December 2004 and all of 2005.

We need these issues for our circulating collection as well as for the non-circulating, back-up collection.

REFWORKS, for Web-Based Citation Management

The LSUHSC Libraries now have an institution-wide subscription to RefWorks, a free web-based program for managing bibliographic citations. Easy to use for creating and formatting bibliographies and papers, RefWorks offers several methods for importing citations into your RefWorks folders. You'll find a link to RefWorks on the dental library home page under Services. After you create your individual account, you'll be able to view the online tutorial. If you would like further information and/or help getting started, please contact the dental librarians at ext. 38507.

Library & SGA Send Donations to Soldiers in Iraq

At a book sale held in November 2004, the library netted \$143.00 for the SGA. Shortly after the book sale, library staff members decided to collect items for the troops in Iraq. The SGA officers graciously allowed the library to use the book-sale proceeds towards the expensive cost of mailing the packages. Due to the generosity of faculty, students, and staff, we were able to send six large boxes of toiletries, snacks, sunglasses, books, and pillows to Iraq.

Featured New Title

The Medical History: Clinical Implications and Emergency Prevention in Dental Settings by Frieda Pickett and JoAnn Gurenlian, Philadelphia, Lippincott Williams & Wilkins, 2005. In this textbook, which is designed for self-study, the authors discuss each component of the ADA medical history form in relation to clinical implications and potential emergency situations. Each chapter covers a section of the questionnaire and includes a list of key terms, discussion of disorders related to the questionnaire section, follow-up questions for the patient, strategies for preventing emergencies, case studies, and review questions.
