New from EBSCO: Rehabilitation Reference Center

Rehabilitation Reference Center ([link removed](#)) is a clinical reference tool designed for use by rehabilitation clinicians, physical therapists, and occupational therapists at the point of care. It provides valid and relevant information intuitively and conveniently, using the best available evidence to help support clinical decisions.

The screenshot shows the Rehabilitation Reference Center website. At the top, there is a logo for the center, powered by EBSCOhost, and navigation links for Home, Advanced Search, Sign In, Folder, Preferences, Help, and Exit. Below the logo is a search bar with a 'Find:' label, a search button, and a clear button. The main content area is divided into two columns. The left column is titled 'Spotlight' and lists 'Key Features' including 'Diseases & Conditions: Evidence-based Clinical Reviews', 'Exercise Images: Instructional images for handouts', and 'Practice Resources: Practice Guidelines & Featured Books'. It also includes links to 'Introduce yourself to our Editorial Team & Policies' and 'New to Rehabilitation Reference Center? Take our tour'. The right column is titled 'Health News' and features several news items with dates, such as 'Clinical Trials Update: June 10, 2009', 'Studies Report More Harmful Effects From BPA', 'WHO Declaration of Swine Flu Pandemic Looks Imminent', 'Health Tip: Choosing Baby's Changing Table', and 'As Sleep Improves, Grades Seem to Go Up'. There is also a 'More News' link. At the bottom of the page, there is an EBSCO Support Site logo and links for Privacy Policy, Terms of Use, and Copyright, along with a copyright notice for 2009 EBSCO Industries, Inc.

([link removed](#))

Key Features

- Nearly 200 clinical reviews
- More than 150 research instruments
- Information from AHFS on over 11,700 drugs and their manufacturers
- More than 9,800 exercise images
- Key reference handbooks
- Guidelines from the U.S. National Guidelines Clearinghouse
- Nearly 1,500 relevant patient education topics in both English & Spanish
- News and clinical updates
- Search for articles from CINAHL, SPORTDiscus, MEDLINE and Rehabilitation & Sports Medicine Source in one location

The RRC is available to LSUHSC faculty staff & students, & can be accessed off campus with a valid LSUHSC library barcode & PIN. You can find a link to the RRC from our [Electronic Resources](#) ([link removed](#)) page.

For assistance with any of the Libraries' resources, please contact a [Reference](#) ([link removed](#)) Librarian at the Isché Library (504) 568-6102 / (504) 568-8339, or at the [Dental Library](#) ([link removed](#)) (504) 941-8158.

Digitizing History

As part of our collaboration with [Louisiana Digital Libraries](#) (*link removed*), the LSUHSC New Orleans Libraries are creating a digital archive of LSU Medical Center's history. Currently, we are scanning copies of LSU New Orleans Medical School Graduation Programs as the first step in this project. Access to this collection should be available by early July 2009. Unfortunately we are missing some programs. If you or someone you know has a copy of a graduation program from 1932-1941, 1946 or 1948-1966, please contact [Jennifer Lloyd](#) (*link removed*) or [Molly Knapp](#) (*link removed*).

The [Louisiana Digital Libraries](#) (*link removed*) is a consortia of 19 libraries, museums and archives all contributing to an online database of photographs, books, oral histories and other items that illustrate Louisiana's culture and history. And the best part is anyone with internet access is free to use it.

For assistance with any of the Libraries' resources, please contact a [Reference](#) (*link removed*) Librarian at the Isché Library (504) 568-6102 / (504) 568-8339, or at the [Dental Library](#) (*link removed*) (504) 941-8158.

Staff News

Carolyn K. Bridgewater, MLIS, MSW, Reference Librarian, has been appointed to the selection jury for the Medical Library Association's Estelle Brodman Award for the Academic Medical Librarian of the Year.

Kathryn E. Kerdolff, MLIS, AHIP, Reference Librarian, was the primary author on a poster entitled "Test the Test: A Pilot Study to Develop an Assessment Tool to Measure Medical Students' Competencies in Information Retrieval and Application Skills in Clinical Practice" presented at the Medical Library Association annual meeting in Honolulu, Hawaii in May; her co-authors were Molly Knapp (who did the actual presentation) and Richard DiCarlo, Assistant Dean for Undergraduate Education, School of Medicine.

She has been appointed to the MLA Career Development Grant Jury of the Medical Informatics section of the Medical Library Association.

Molly Knapp, MA, Reference Librarian, be promoted to the rank of Assistant Librarian/Professor as of July 1.

She also presented a paper entitled "Digitizing a Newspaper Clippings Collection: a Case Study in Small-Scale Digital Projects" at the Medical Library Association annual meeting in Honolulu, Hawaii in May; she was also the co-author and presenter for a poster entitled "Test the Test: A Pilot Study to Develop an Assessment Tool to Measure Medical Students' Competencies in Information Retrieval and Application Skills in Clinical Practice"; her co-authors were Kathy Kerdolff and Richard DiCarlo.

Molly has been appointed to the National Program Committee for the 2011 Medical Library Association Meeting in Minneapolis; she continues her work on the Social Networking Task Force whose charge has been extended for another two years.

Hanna Kwasik, MLIS, AHIP, Head Cataloger, has been appointed to the Credentialing Committee of the Medical Library Association.

Debbie Sibley, MEd, MLS, AHIP, Interim Director, has been appointed to the selection jury for the Medical Library Association's Carla J. Funk Governmental Relations Award.
