To access Library resources when off campus, you must be verified as an eligible user of the resource. This is done through OpenAthens and EZproxy. These authentication tools, along with links that have been configured to direct you to log in, will ensure you can access all Library resources with no issues.

Where should I start to look for books, journals, or databases?

The Library web site: https://www.lsuhsc.edu/library
Here you will find links to the Library Catalog, Databases, and other resources.

If you access a resource directly without going through the Library, you may be able to log in using OpenAthens, but it is not supported by all publishers.

Where can I find help?

Off Campus Info
https://www.lsuhsc.edu/library/offcampus.aspx
Off Campus LibGuide

OpenAthens LibGuide
https://libguides.lsuhsc.edu/openathens

How to use OpenAthens and EZproxy

Revised December 2019
Your PIN needs to be at least 6 characters and contain both letters and numbers.

Logging in with your e-mail (OpenAthens)

Enter your complete LSUHSC-NO e-mail address (name1@lsuhsc.edu) and your current password.

When prompted to choose an organisation, search for LSU and choose LSU Health Sciences Center Library.

If you go to a resource that supports OpenAthens without using one of the Library’s links, you will need to identify your institution:

Logging in with your Library barcode

Click on the green bar to enter your barcode and PIN.

Your PIN needs to be at least 6 characters and contain both letters and numbers.

Access provided by the LSU Health New Orleans Libraries.
