I. Approval of November 2012 Minutes – unanimous

II. President's Report

Dr. Dugan expressed several points from her meeting with Dr. Moerschbaecher:

1. Emergency Committee does Table Top Exercises periodically so that they are prepared for sudden emergencies (i.e., active shooters)
2. The Board of Regents will move programs to self sustainability levels.
3. It was noted by the board of supervisors and President Jenkins that the town hall meeting left an incredible impression of passion and commitment of the LSU Health Sciences Center.
4. CM 35- revised

III. System's Report/ Senator Rubin

1. The senate discussed the LSU- Baton Rouge Faculty Senate Resolution. In short, their resolution discussed concerns about accreditation in light of the proposed changes to the system re-organization. The resolution also spoke about minimum input from the faculty. The resolution also asks for the system to discontinue the search for a new president until a more representative committee can be put together.
2. It was suggested that we the Faculty Senate of LSUHSC adopt this as a resolution with some possible modifications. The Senate voted to review the resolution and vote electronically to decide whether we will officially adopt it.

IV. Board of Supervisor's Meeting/ Senator LaMotte

1. Approximately 30 people attended the breakfast meeting of the Board of Supervisors. The prevailing point of the 2 hour discussion from faculty's point of view is that faculty was not formally included in the process of the proposed changes.
2. The board did act on combining the positions of chancellor and president. Dr. Jenkins was asked to assemble a transition advisory team as a way of finding a qualified president.
3. The board also eliminated the position of chancellor on the A&M campus.

V. Reports

1. Faculty Senate Committees

- i. **Education Committee** – No report
